

Funding

The Station Museum has produced a souvenir Tea Towel and book about Paekakariki to raise funds. Trust members attended the local market and sold items from the Museum.

A grant from the Creative Communities Art Funding Scheme (Kapiti Coast) has assisted us with the production of the two roadside signs.

Sponsorship has also been received from Display Tactix Signs and Big Mac Slabs Furniture.

Train pulls into Muri station

Kapiti is a black jewel on this
the prettiest suburban ride.

Five tunnels roar to the green
of the nibbled hills and the drapery
of arching fronds. The train pulls
into Muri station, hiss of the door.

Suddenly I am young again, of all
the carriages in the world.

Too late to ask why you never left
twenty seven Octobers ago.
